**Mr. Dilip Singh Sengar**  
Founder

A handwritten signature in black ink, appearing to read "Dilip Sengar".

## MISSION

To emerge as the most capable and enduring system partner by providing cutting edge electrical systems and innovative solutions.

## VISION

Creating an environment that helps in the creation of knowledge and its application to work, and to excel in all our business activities and strive to build Shree Manglam Powertech Pvt. Ltd. a creative organization.

## THE PILLAR BEHIND OUR SUCCESS

I take this opportunity to thank our valued clients whose continued patronage and confidence in our company, inspires us to extend our business all over the world. This site will always give you an insight about our company and its services, and how we can work together for each other's growth.

Shree Manglam Powertech Pvt Ltd. is an Engineering Procurement and Construction Company founded by Mr Dilip Singh Sengar in 1998 who has successfully completed many projects.

We are committed to total customer satisfaction by identifying their specific needs, translating them into quality products and providing dependable after-sales-services. This commitment is the corner stone of our Quality Policy and we strive to achieve it by putting into place a Quality System, which adheres to the **ISO 9001:2015 certification**.

I therefore, seek continued patronage of our valued customers, clients and cooperation of our employees and thank our well-wishers who have contributed to the growth of the organization.

## CORE VALUES

The foundation of our corporate culture considers these following core values:

- Commitment to customer satisfaction & quality
- Excellent customer service
- Safety, security & growth for customers & team members
- A caring culture and learning environment
- Continuous Technological up gradation

*These core values represent our key beliefs in the way we do business, how we interact within our workplace and our partnership with clients.*

Govt. Approved  
"A" class electrical  
contractors
